This year, we are offering an intensive bootcamp for the August SAT. Each week of the intensive bootcamp is equivalent to approximately three weeks of the regular summer program. Each year, our students' scores improved a mean average of 250 points, a range of 100-450 points. Every year, a quarter of the students score 1500+ on the actual SATs on the August and/or October test dates.

We will also hold two virtual seminars in July and August to answer any questions you have regarding the 2022-2023 SAT exams and the college application process. Be sure to be subscribed to our newsletter to be notified of the virtual seminar dates!

Please contact us soon to reserve your place, as space is very limited. If you have any questions regarding your student's academic plans – College Applications, SAT, AP/IB exams, grades, etc. – we are available to help you in whatever way we can.
