This year, we will again offer our Summer Intensive SAT Prep Program in-person and online via ZOOM; classes will be limited to 12 in-person (+3 virtual) students per class. Each year, our students' scores improved a mean average of 250 points, a range of 100-450 points. Regularly, a quarter of the students score 1500+ on the actual SATs on the August and/or October test dates.

We will also hold two virtual seminars in the coming days to answer any questions you have regarding the 2022-2023 SAT exams and our SAT Prep Program. Be sure to be subscribed to our newsletter to be notified of the virtual seminar dates!

Please contact us soon to reserve your place, as space is very limited. If you have any questions regarding your student's academic plans – SAT, AP/IB exams, grades, college plans, etc. – we are always available to help you in whatever way we can.
